

## THE NEXT 90 DAYS: PRODUCT UPDATES AND COMING SOON

### Easter promotion: TBD

The ten-bar **2019 Collection Box** is just arriving in stores, and the demo display is coming soon. Look for a promotion email going out on March 3. Btw, there are still just a handful of 2018 Collections available (online only).

LAST CALL - **Say goodbye to Le Dix Sept Nougat Blanc**. We're out of stock on this holiday product and it will return in the fall.

**Force shipped before Feb. 27th:** Kokoa Kamili, Tanzania 70% 2017 Harvest

Due to production issues, now through mid-April we will be long on KAM17 bars and short on several other origins. Please bare with us! Many bars will be back soon, including MYA17.85, MAD17, ESM17.85, TRE18, ESM18, and IND18.

**Late May:** We'll be receiving more inventory of Sueki ceramics cups and plates.

## ORDERING BEST PRACTICES

1) SF locations place orders by **3pm** for arrival on your next delivery day.

2) **For last-minute or weekend emergency orders**, first place the order using the General Store, add a note before submitting and then fill out a DRF (Delivery Request Form) requesting the delivery/shipment ASAP.

2) Cafes must place **retail orders** and **supply orders** separately.

3) The notes section at checkout is a great spot to ask questions to ChOPs or give delivery instructions.
